

Wilderness Expertise visiting Offa's Dyke

We have a great visit planned next year where folks from <http://wilderness-expertise.co.uk> will be traversing part of Offa's Dyke with their [#developingpotential](#) mantra and we will be doing at least some of the journey with them (The Offa's Dyke Outreach youngsters walking group).

Planned for the summer of 2021, the group will be met and accompanied by the Outreach officer on a 4/5 day trek along the dyke talking of the archaeology, heritage, personal histories of those living along the dyke over time as well as the impact on the Welsh and the Mercians as 'borders' become ever more relevant nowadays.
